Re: Social Science Research Institute Appointment of Regular-Rank,
Non-Tenure Track Faculty

I am pleased to submit the attached proposal to seek guidelines for establishing the appointment of regular-rank and non-tenure track faculty in the Social Science Research Institute. The proposal was presented to the Academic Programs Committee on September 19, 2007 and was strongly recommended for approval. After some clarificatory amendments subsequent to discussions with ECAC, I submit this proposal to ECAC for discussion and consideration with my fullest support.
